

### **Sample District/School Newsletter Article:**

On April 6<sup>th</sup>, we will begin pre-registering preschoolers for the next school year. In your newsletter, please include a short article about pre-registration. **Thank you** for your assistance!

### **NORTH BALTIMORE/WCESC PRESCHOOL PRE-REGISTRATION**

The Wood County Preschool, operated in collaboration with the Wood County Educational Service Center, will soon begin pre-registration for the upcoming fall school year. The preschool programs are developmentally appropriate, play-based preschools supporting the Ohio Department of Education's model curriculum.

The Wood County Preschool Program is an inclusionary preschool program serving children ages 3–5 who have delays in development and children who are typically developing. Tuition, based on a sliding-fee scale, is charged for children without special needs. Children attend preschool four half-days per week in either a morning or afternoon session.

On **April 6<sup>th</sup>**, Pre-Registration Forms for toilet-trained, typically-developing children will be mailed and emailed to Powell Elementary and NB Library, or parents may obtain one by contacting the WCESC at [preschool@wcesc.org](mailto:preschool@wcesc.org) or 419-354-9010, ext. 133. The Pre-Reg Form will also be posted on our website under the Preschool tab ([wcesc.org](http://wcesc.org)). Parents who have questions regarding children who may have special needs can also contact the WCESC Preschool Secretary.
