COMPREHENSIVE CONTINUOUS IMPROVEMENT PLAN (CCIP)

Each year the school district needs to complete an application for federal funding that the North Baltimore Schools receive. The money is used for intervention and professional development services. Input from the community and parents as to how that money may be spent is requested. If you have any suggestions or questions, please contact us at 419-257-3531.

NO CHILD LEFT BEHIND FEDERAL LAW REQUIREMENT

Parent Notification by District:

If a district receives Title I funds, notification must be sent to parents informing them of the right to request information on the qualifications of their child's teacher. The district must provide (if requested) the following:

- Whether the teacher has met the certification requirements of the state
- Whether the teacher is teaching under an emergency or other provisional status
- The baccalaureate degree major of the teacher and any other graduate certifications of degree held by the teacher in the filed or discipline of his or her certificate or degree.
- Whether or not the child is provided service by a paraprofessional and, if so, his or her qualifications

North Baltimore Local School complies with federal regulations and the State of Ohio's Operating Standards for Ohio's Schools Serving Children with Disabilities, and takes an active role in identifying children who may have disabilities. North Baltimore Local Schools provides school age programming for children 3 through 21 years of age who have special needs. If you know a child between the ages of 3 through 21 residing with the North Baltimore local School District who may have a disability requiring special education services, please contact our district Special Services Director, the Administrative Office or the building principal.
